

Measure, Determine, Check

Your printable ring sizer from Arrow. Choose from our three accurate measuring techniques.

For accuracy, please ensure that PDF is printed at 100%.

We adjust the size of the rings to accommodate any extra rollers, balls, etc, so you don't need to order a larger size. Order your true size and we'll make the necessary adjustments

Our rings can be worn across several fingers, or stacked all on one. To wear stacked on one finger, order the true size of the finger you'd like to fit. To wear across several fingers, order the size of the largest finger..

The String Test

- Cut a small piece of string, thread or ribbon from a spool.
- MEASURE: Wrap it snugly around your finger for an accurate measurement.
- DETERMINE: Compare your measurement with our sizing chart.
- Tip: Be careful not to wrap the string too tight. Aim for a comfortable, snug fit.
- Tip: For the most accuracy, have someone help you measure.
- CHECK: Double check for accuracy.
